Effort To Amend Draft Bill Opposed In House

Final Vote On Measure May Be Today

Washington, June 15—(AP)—The House ploughed its way through amendments to the draft bill today and leaders predicted final passage of the measure tomorrow.

Last-minute efforts to tack on "civil rights" proposals ran into solid opposition.

The House voted down 135 to 23 an amendment by Rep. J. C. Wright (D-N.Y.) which would forbid segregation in the armed forces on grounds of race, creed or color.

A similar amendment by Rep. Powell (D-N.Y.) likewise was lost, 102 to 14. Powell's amendment would have forbidden discrimination in the services.

An amendment by Rep. Folger (D-W.C.) to raise the minimum registration age from 18 to 21 was defeated before the House adjourned for the day. It lost 77 to 32 on a standing vote.

Leaders who had talked of putting the draft bill to a vote today gave up hopes because of all the amendments.

Republican House Leader Halleck (R-Ind.) said it was too important a measure to be "rammed through in one day" anyway.

But passage tomorrow is practically certain.

Following House approval, Senate and House conferees will have to get together and iron out minor differences in the two bills. Then the two bodies must approve the compromise measure.

The last step is signing by the president. This is assured, because he asked for the draft bill in a speech March 17, almost three months to the day from expected House passage.

Actual drafting date of men 19 through 25 is still uncertain because of a provision in the House bill. If the House plan is accepted, the president must wait 75 days before ordering the draft machinery into motion by a formal proclamation. That would mean some time in September.

But if the Senate plan is accepted, drafting would start as soon as draft machinery could be set up after the bill becomes law.

U.S. News Poll

Votes Vandenberg Likely Nominee

Washington, June 15—(AP)—The U.S. news and world report published today a poll of 815 daily newspaper editors on who they think will be the Republican presidential nominee.

The majority's guess: Senator Arthur H. Vandenberg of Michigan. Vandenberg's nomination was predicted by 417 editors. Other results: Dewey 193, Taft 45, Stassen 33, Warren 7, Martin 7.

The editors also were asked who they would prefer to see nominated. That question produced this result: Vandenberg 271, Stassen 143, Taft 141, Dewey 121, Warren 26, and Martin 10.

About four-fifths of the newspapers polled are Republican or independent with the remainder Democratic.

Bulletins

Rives, Tenn., June 15—(P)—A fast-moving freight train piled into an Illinois Central freight local today, killing at least one and demolishing the Rives train station.

H. K. Beck, superintendent of the Memphis division of the IC, said reports on the wreck were "incomplete" but that possibly "three or four were killed."

Observers at the scene said the through freight rammed into the local as it was switching cars. Two gasoline tank cars on the local exploded and caught fire.

Washington, June 15—(P)—The Taft-Elender-Wagner housing bill appeared to be headed for the shelf tonight as possibly drastic revision.

Chairman Allen (R-Ill.) of the House rules committee told reporters the bill has little chance of approval by his committee as it now is drawn.

Allen's committee has the say whether the House gets to vote on the measure which has passed the Senate.

Washington, June 15—(P)—The Senate tonight voted to restore the multi-billion dollar foreign aid spending program to a 12-month basis, instead of the 15 months ordered by the House.

This decision, taken on a 64 to 15 vote, was a big preliminary victory for Senators seeking to restore much of the large slash in funds voted by the House. Confining the appropriation to 12 months instead of 15 means much more spending per month.

GOP Nears Showdown On Delegate Disputes

Philadelphia, June 15—(P)—Six delegate disputes—two of them involving Negro recognition—nearer a showdown today as Republican pre-convention skirmishing hit high gear.

Lawyer Ezra R. Whitla, of Coeur d'Alene, Idaho, chairman of the convention contest committee, said at least three of the disputes—Georgia, South Carolina and Alaska—were "serious contests."

Meanwhile, candidates' headquarters were running full blast. Campaign managers buttonholed early-arriving delegates, called press conferences, huddled over their voting plans.

Backers of Harold E. Stassen announced he will be the first major candidate to reach the convention scene. The former Minnesota governor is due Thursday. New York's Governor Thomas E. Dewey and

Senator Robert A. Taft are expected over the weekend.

At huge Convention Hall last-minute preparations were hurried for the accommodation of some 16,000 delegates, alternates and favored spectators. News, radio and television workers installed miles of wire and intricate mechanism to report to the world developments at the party.

In addition to the Georgia, South Carolina and Alaska delegate disputes, there are controversies on representation for Maryland, Mississippi and the District of Columbia. Whitla said he had not had adequate opportunity to appraise the latter three but is studying briefs of the opposing factions.

He will report to the 40-member contest committee "probably sometime tomorrow," Whitla said.

That also is the time set for a final meeting of the 32-member arrangements committee, headed by Walter Hallahan of West Virginia. Hallahan's group will approve the program for the convention which opens Monday. Drafting of the platform begins Thursday.

Whitla's committee will send the delegate disputes and recommendations to the entire national committee tomorrow. The national committee sits as a jury in the contests.

Washington, June 15—(P)—Lewis L. Strauss, member of the Atomic Energy Commission, reported today that a new technique for using radioactive iodine to treat cancer "holds out hope" for curing the disease.

Strauss said he had been advised of the development by Dr. Cornelius P. Rhoads, director of the Sloan-Kettering Institute at Memorial hospital in New York City.

Asked by reporters if the new technique holds out promise for the cure of cancer, Strauss replied that it "holds out hope."

Strauss first made the disclosure before a Senate appropriations subcommittee. The group is studying requests of the commission for a restoration of House cuts in AEC appropriations for the 1949 fiscal year, starting July 1. He later elaborated on his testimony to reporters.

Radioactive iodine has been used successfully, Strauss said, in the treatment of thyroid cancer. Because of iodine's affinity for the thyroid, he explained, it has not been possible before to use it successfully to check cancer in other parts of the body.

Strauss said the new technique developed at Sloan-Kettering is the first few days from research financed by AEC funds as well as this.

It indicates, he said, that a means of concentrating a required amount of radio active iodine 131 in any desired amount in any tissue or organ of the body probably has been discovered.

Both Sides Rest Cases In Turner Murder Trial

Lincoln, Ill., June 15—(P)—Both sides rested their cases today in the murder trial of William H. Turner, a state alienist testified. Turner's flight following the shooting of Wesley Rhody "could be the behavior of a normal man."

The alienist, Dr. William Haines of Oak Park, director of the Cook County Behavior Clinic, testified in circuit court here where Turner is being tried on a charge of murdering Rhody, Lincoln cattle truck operator.

Fear could have motivated Turner's flight, Dr. Haines said. "The average person tries to run away from unpleasant experiences."

Turner's behavior was no indication of his innocence or guilt, Dr. Haines testified. The alienist added that a guilty person would be more prone to run away than an innocent person.

Turner, Princeton, Ill., livestock insurance salesman, was arrested Nov. 19 at West Point, Ia. Rhody's body, with two bullet wounds, was found Nov. 18 on a highway near here.

Turner testified the shooting occurred in a scuffle over Rhody's gun during a wild automobile ride from Macomb to Lincoln. Turner said Rhody "acted like a man out of his mind" during the trip.

Dr. Haines said he questioned Turner for two hours when he examined him in May. "I thought he was telling the truth" about the shooting, the alienist testified.

AIRPORT TAX
Lincoln, Ill., June 15—(P)—The question of continuing an airport tax in Logan county will be submitted to voters in the Nov. 2 election.

The county board of supervisors agreed late yesterday on the referendum after considering a petition asking discontinuance of the tax levy for airport purposes.

Quintuplets are so rare that only a few cases occur throughout the world in any hundred years.

Status Of Most Important Bills Now In Congress

Washington, June 15—(P)—Here is the status of the most important bills still pending as Congress drives for adjournment Saturday:

Draft—Passed by Senate, slated for passage by House tomorrow.

Housing—Taft-Elender-Wagner bill passed by Senate, apparently dead in House rules committee unless public housing features are removed.

Foreign aid—House has passed a bill slashing funds. Senate is expected to pass another restoring most of the funds.

Farm—House has passed bill extending present farm support program. Senate is considering permanent support program.

Anti-communist—Mundt-Nixon bill passed by House, apparently dead in Senate.

Oleo tax repeal—Passed by House, still subject of lively contention in Senate.

Civil rights—None of bills based on President Truman's program given more than outside chance.

Tideclams—Passed by House, apparently pigeonholed in Senate.

Pay raise for federal employees—On Senate "must" list this week, fate doubtful in House.

Aid to schools—Passed by Senate, apparently dead in House.

Washington, June 15—(P)—The annual coal crisis came into full force today with the breakdown of negotiations for a contract to keep the miners digging until July 6.

The government, however, immediately stepped into the dispute. Cyrus S. Ching, head of the Mediation and Conciliation Service, called a meeting of both sides Thursday morning (8:30 a.m., CST).

Operators beat John L. Lewis to the punch and even stole his tactics. They walked out on him. They announced that the talks had been shut down because they were getting nowhere. They said it was all the United Mine Workers' chief's fault.

They would not even talk terms without first getting his royalty-financed union welfare plan in operation.

Lewis charged that the operators "under the Taft-Hartley" have law and at the expense of the taxpayers were trying to "beat the coal miners into submission." He said the union negotiators had been "sore" talking to operator spokesmen who, he implied, spoke only on orders from higher up. Then Lewis called his 200-man policy committee to a June 24 meeting here for "instructions."

It was taken for granted those "instructions" will deal with whether the miners shall work when they come back July 6 from their annual two-week vacation. The labor-off strike agreement ends June 30, before they are due back.

Rail Union Heads Blame President For Deadlock

Washington, June 15—(P)—Three railroad union chiefs said today it was President Truman who blocked an agreement in the rail labor dispute.

He did it, they told a Senate labor subcommittee, by insisting that any settlement must come within the recommendations of the emergency board appointed by himself.

The testimony came from heads of the unions which called a narrowly averted strike last month: David B. Robertson of the Brotherhood of Locomotive Firemen & Enginemen, Alvanley Johnston of the Brotherhood of Locomotive Engineers and A. J. Glover of the AFL Switchmen's union.

Glover said they are convinced that a settlement could have been made "except for the attitude of the president." Glover said, "I insisted we must accept the report of the board."

The unions take the position that, under the Railway Labor act, findings of these boards are not binding on either side.

But Daniel P. Loomis, testifying for the railroad managements, said the unions have a moral obligation to accept emergency board reports.

Besides, Loomis said, Mr. Truman asked only a settlement "within the framework" of the board's report.

John R. Steelman, the White House assistant who handled the rail negotiations for Mr. Truman, declined to comment on the union statements. He said he is "still hopeful" of working out a settlement that will suit both sides.

SET WEDDING DATE
Hollywood, June 15—(P)—Spike Jones and his feminine singer on his touring stage show, Helen Gracie, set the date of their wedding today, June 25.

POVERTY STRICKEN
Moscow, June 15—(P)—Pravda today printed a letter signed by the Soviet wife of an Englishman in which Britain was depicted as a poverty stricken land, devoid of human rights. The woman recently left her husband and returned to Russia, Pravda said.

Russia Accepts Invitation To Discuss Danube Issue

Washington, June 15—(P)—Congress sent President Truman today a trade agreements bill which he doesn't like and may veto.

The House passed the measure by voice vote, accepting amendments added by the Senate. The Senate approved the bill yesterday, 88 to 10, over Democratic protests that it would wreck the foreign trade program.

The bill revives for one year the trade agreements act which lapsed last Saturday. It requires the president to wait up to four months, while the federal tariff commission investigates, before making tariff agreements with foreign countries.

Mr. Truman and Secretary of State Marshall, backed by nearly every Senate Democrat, urged that the act be extended for three years without any curbs on the president's tariff-making authority.

The possibility of a veto was mentioned by several senators.

But there also were predictions that Mr. Truman would accept the present bill as better than none.

Rep. Doughton (D-N.C.) author of the original act that was sponsored by then State Secretary Cordell Hull, said he hoped Mr. Truman would not resort to a veto. He took the position that the GOP-sponsored bill is better than letting the trade act die.

Tennessee Valley Town Sold By TVA At Public Auction

Norris, Tenn., June 15—(P)—Norris, a Tennessee Valley Authority landmark for 15 years, today passed from public to private ownership.

The picturesque little town a dam built was sold by TVA at public auction to Henry David Epstein, 27-year-old Philadelphia real estate dealer, for \$2,107,500.

Epstein quickly reassured the town's 1,250 residents, most of whom thronged the schoolhouse lawn to witness the historic occasion, that they would not be evicted from their homes.

A shout went up from the crowd as Epstein mounted the auction platform and said:

"We are going to give you an opportunity to buy your own homes. We intend to make Norris not only the finest but also the largest model community in the United States."

The residents, mostly TVA employees, had organized a corporation to try to buy the town and obviously were disappointed when their own bid of \$1,900,000 quickly was topped.

Norris was built by TVA in 1933-34 to house personnel working on nearby Norris dam. It was regarded as a "model community" and had attracted millions of visitors.

It is unlike the average American town in that it has no business district in the usual sense. There is one large centrally located building which houses a drug store, grocery, post office and warehouse.

But there are no beer parlors, motion picture theaters or other similar places of recreation and entertainment. There also is no church, but the townspeople worship at non-denominational services at a community center building.

The property Epstein acquired included 1,284 acres of land, 341 dwelling units, the schoolhouse, all streets, and several other buildings.

Jury Convicts 2 Chicago Youths Of Killing 3 Men

Chicago, June 15—(P)—Two 19-year-old youths, called "mad dog killers," were convicted tonight of murdering three men in Chicago's worst blood bath since the St. Valentine's Day massacre.

They were given 199-year prison terms. The criminal court jury of seven men and five women set the penalty. Judge Daniel A. Roberts sentenced Lowell Pentress and James Morelli after denying their lawyers' motion for a new trial.

The jury deliberated three hours before returning its verdict.

Morelli and Pentress had testified that the three victims were slain during a bloody night which began with a drinking bout, developed into a grudge fight and ended in a shooting spree.

A third man accused in the slayings, Thomas Daley, 34, was trapped by police in Morelli's apartment and shot to death a few hours after the killings Dec. 12.

Pentress and Morelli were convicted of murdering John Kuesis, 36-year-old garage owner; Theodore Callis, 30, and Emil Schmeichel, 30.

Kuesis was shot in his garage. Callis, Schmeichel, and two other men who were in the garage at the time then were hustled to an automobile and driven to a sparsely settled area. Callis and Schmeichel were shot fatally and Nick Kuesis, 31, brother of John, and Frank Baker, 17, were wounded, dragged from the car and left for dead.

Senate Passes Navy Fund Bill

Washington, June 15—(P)—A \$3,686,733,250 fund to operate and extend the "world's most formidable navy" sailed through the Senate today set the date at Jan. 1, 1948.

Not a train has moved over the tracks between Chicago and Milwaukee and through Lake Michigan. Shore suburbs since March 27. Like-wise the cities of Waukegan and Chicago have been without local bus service since then because of the strike.

UN Observers Patrol Coast Of Palestine

Cairo, June 15—(AP)—Count Folke Bernadotte said today United Nations truce observers are patrolling the Palestine coast in American-supplied planes to check on the arrival of ships carrying immigrants and supplies.

The U.N. mediator said he had received four C-47 transports and one small Beechcraft from the United States.

A patrol of surface ships also is planned.

Bernadotte arrived by plane from his headquarters on the Greek island of Rhodes for informal talks tonight and tomorrow with Arab political leaders. He will go to Tel Aviv Thursday to confer with Jewish authorities.

Having arranged a four-week truce in Palestine, he now is attempting to find a solution of the long range issue.

The Holy Land remained quiet on this fifth day of the truce. Bernadotte told newsmen that as far as he knew there was no fighting.

All supplies sent into Jerusalem over whatever road, are under inspection and control. Bernadotte declared. Asked what ration of food, water and electricity would be permitted the 90,000 Jews in Jerusalem, he said this would be fixed by the truce commission there in cooperation with the Jews and Arabs.

A Jerusalem dispatch said the truce commission set up a check post at Bab El Wad, 11 miles west of the Holy City, but the Jews sent no convoy past it. The commission also was planning a check post at the Allenby bridge across the Jordan to guard against Arab movements of arms and munitions.

Bernadotte said he was taking steps to see that no armed fighting men are transported to either side.

Sweden Discloses Proposal To Join Pact With West

London, June 15—(P)—A Swedish source said today the United States and Britain have urged Sweden to join a regional defense alliance with Norway and Denmark.

Informal talks on the subject have been held in Washington, London and Stockholm. The informant said, Sweden has indicated unwillingness to enter into such a pact if the proposed Scandinavian alliance is to be linked to the existing Western European union made up of Britain, France, Belgium, The Netherlands and Luxembourg.

The Swedes were said to have argued that such a formal turn to the west would anger Russia and that Sweden would get no compensating guarantee of military aid.

According to the informant, Norway and Denmark are less positive than Sweden that Scandinavian neutrality can be preserved in the event of a war between the east and west. Accordingly the Norwegians and Danes have indicated a desire to ultimately tie up with the Western European defense grouping.

North Shore Line Peace Proposal Rejected By Union

Chicago, June 15—(P)—Retired hopes of settling the prolonged North Shore line strike collapsed today.

AFL operators voted down a peace proposal which the company said the remaining six unions of its employees had agreed to. The vote at a meeting of division 800 of the AFL Amalgamated Street, Electric Railway and motor coach employees in Waukegan was 289 to 9 against acceptance.

While Bernard J. Fallon, president of the Chicago North Shore and Milwaukee Railway, declined to discuss terms of the proposal, Amalgamated officials said the members opposed shortening of the term of retroactivity of a wage increase.

When a presidential fact finding board recommended a 15¢ cents an hour wage increase for railroad workers, it fixed Sept. 1, 1947, as the date it should be effective. Fallon previously proposed that the boost take effect upon resumption of North Shore service. The proposal voted on today set the date at Jan. 1, 1948.

Withdraws Objection To Austria

Washington, June 14—(AP)—Russia cleared the way today for possible settlement of one long-standing east-west issue—reopening the Danube river to free international commerce.

Showing an apparent new willingness to compromise, Moscow accepted an American proposal to call a 10-nation conference for July 30 to lift existing barriers to shipping. The river is normally the main artery of trade between eastern and western Europe and its reopening is tied up with hopes of reviving that trade to help European recovery.

Russia abandoned in part its objection to letting Austria take part in the conference. It agreed that the Austrians might send a non-voting delegation.

F. F., We Salute You

Father Francis F. Formaz tomorrow will celebrate the fiftieth anniversary of his ordination to the Holy Priesthood. On the occasion of his Golden Jubilee, Dean Formaz will be honored for his half century of devotion to God and to the Church. During all but three of these years, he has served the parish of Our Saviour as curate and pastor, educator and counselor, and other friends.

Foremost a priest, whose chief concern is the spiritual welfare of his flock, he is also scholar, teacher and musician—a man of many and great accomplishments. Foundations in parochial education have been inspired and built upon by Dean Formaz, who has given his time and energy unsparingly to the task of imparting to young people his own devotion to what Matthew Arnold defined as culture—"to know and love the best that has been thought and said in the world."

Fifty years of service—to God, to the church, and to this community, where his contributions are innumerable and his friends countless. The Journal Courier joins his parishioners and other friends in offering sincere felicitations for the anniversary and heartfelt thanks for the man. Father Formaz, "priest of the little children and silent man of service" we salute you.

Something For Children To Do

Children of Jacksonville are fortunate this summer in having a choice of diversified recreation. Public playgrounds have been opened at the Academy Hall lot and Jefferson school. Kindergartens are conducted in the four elementary schools for the younger children. The swimming pool at Nichols park lures young and old alike. Boy Scout and Girl Scout activities have been patterned to vacation requirements. There will not be many dull moments during the next three months for several thousand youngsters who are enjoying a respite from the school rooms.

First week attendance at the Academy Hall playground was larger than the supervising officials had expected. The turnout was proof that young Jacksonville appreciates the games, contests, educational trips and classes in handicraft. Interest at the beginning of the playground program also reflected cooperation of parents and their confidence in the supervisors who are guiding the activities of their children.

Work and play in right amounts of both are the recipe for active boys and girls. The everyday chores at home should not be neglected for the thrills of outside pastimes. So mow the lawn, boys; do the dishes and dusting, girls—then visit the playgrounds and have fun!

Don't Gamble With Old Man River! Repair Beardstown's Seawall Now

The City of Beardstown experienced a stroke of bad luck last week when a section of the seawall collapsed. Like most reverses that come to communities and individuals, it might have been worse. Had the weakened section of concrete collapsed while the Illinois river was on a rampage, the effects would have been devastating. As it is, Beardstown has ample time to repair its protective armor against high water if the state and federal agencies go to work promptly. No one knows when the river will rise and gush torrents of water down the valley. The time to get busy on the reconstruction job is now.

Beardstown has had too many thrilling battles with Old Man River to be fooled by the present ten foot stage. There have been times in the past ten years when the crest rose to 20 and even 30 feet. Sandbags were piled along the seawall to hold back the swollen river. Safety of lives and property depended on those temporary measures and the vigilance of many men, including U. S. soldiers from Camp Ellis.

The appeals of Mayor Ring of Beardstown; Al G. Schultz, president of the Beardstown Sanitary District, and Congressman Sid Simpson for immediate action were not the words of alarmists. These men know what the river can do. Federal engineers are reported to be studying the situation. Funds for rebuilding the damaged section of seawall are expected to be made available in Washington.

With a neighborly interest in Beardstown's welfare, we hope that all government red tape will be snipped at one whack, and that the seawall is rebuilt to withstand the highest stage before the river again rolls its might in that direction.

Report On Poppy Sales Given For V.F.W. Auxiliary

A report on the V.F.W. poppy sales was given at the regular meeting of the V.F.W. auxiliary by Marie Hart, poppy chairman. The prizes were won by Faustina Gibson, Mary Inez Putnam,

Catherine Darush and Bobette Hankla. Other girls who sold poppies received passes to the show.

The program for the evening was comprised of a group of three movies. The films were shown by Truman Reynolds. Members of the post were guests.

New members accepted at this meeting were Joann Eyre, Dorothy Eyre and Mildred Armstead. Refreshments were served by Virginia Hopper, assisted by Marietta Hopper. The attendance prize was won by

Rev. Ralph Jasper New Winchester Methodist Pastor

Winchester—Rev. Ralph E. Jasper, newly appointed pastor of the Winchester Methodist church, will preach his first sermon here next Sunday, June 20. His appointment was announced at the closing session of the Illinois Methodist Conference at Bloomington.

Rev. Jasper will come to Winchester from a five year pastorate at Deland, Ill., and a four year pastorate at Rankin, Ill.

He began his ministry in the Southwest Conference of Missouri. Rev. Jasper studied at Drury College, Springfield State Teachers College, University of Kansas City and the Garrett Biblical Institute. For the past several months he has conducted a morning watch program over a Clinton radio station. Rev. and Mrs. Jasper will move to Winchester on Tuesday, June 22. They have two children, Loveta Jasper, who will be a freshman at MacMurray College next fall, and Bill, who will enter high school.

Dr. Ewert Speaks At DAR Flag Day Observance Here

Dr. Arthur F. Ewert, pastor of Westminster Presbyterian church and a colonel in the Officer's Reserve Corps, was the guest speaker Monday at a special Flag Day observance held by the Rev. James Caldwell Chapter, D.A.R.

Dr. Ewert's address, of a patriotic nature, was entitled "Makers of the Flag." The speaker urged his audience to rededicate themselves to the things for which the flag stands. A large number of members and guests were present for the colonial supper, arranged by Miss Hazel Strawn, hostess for the evening. The pledge of allegiance was led by Mrs. G. B. Goldsmith, the chaplain. Mrs. Earl Rexroat, offered prayer. The guests were welcomed by Mrs. Paul S. Black, retiring regent, who presided over the meeting.

Vocal selections were presented by Miss Doris Souza and Miss Valencia Forwood. Miss Souza sang "The Waltz Song," "Thine Alone" and "Where The Bee Sucks." Selections by Miss Forwood were "Vervorenheit," "A Dream" and "I'll Follow My Secret Heart." Miss Souza and Miss Forwood sang a duet entitled "O, Lonely Night." The program was arranged by Mrs. Helen Brown Read, who also served as accompanist.

The meeting closed with the presentation of the regent's pin and gavel to Mrs. George E. Baxter by Mrs. Black. Mrs. Baxter announced that the past regent's luncheon would be held at the Dunlap hotel on October 25, with the state regent as guest.

Heavy Storm Damage At Winchester

Widespread damage to trees along East Cherry street at Winchester is shown in upper photograph, taken Monday afternoon a short time after Scott county and western Morgan county were buffeted by a hard wind and hail storm. Trees and large limbs blocked State Route 106 at Winchester for several hours. The storm played havoc with electric light and telephone wires. The lower photograph shows South Main street in Winchester, also the scene of much damage from wind. Citizens gathered along the streets to view the destruction and exchanged opinions as to how lucky they were that their homes were not swept away.

All-Day Outing Thursday
The Woman's Missionary society of the First Baptist church will hold an all-day meeting Thursday at the cottage of Mrs. M. E. Ranner on Lake Matanzas. A potluck dinner will be served at noon, with Mrs. C. R. Dowland as assistant hostess. Mrs. T. O. Hardesty will have charge of the afternoon program.

Those planning to attend are asked to meet at the church at 10 a. m. Transportation will be furnished. Ladies are requested to bring table service, a covered dish and sandwiches.

COMPLETES COURSE

Harold Lee Young, son of Mrs. Mae Jones, 434 Sherman street, has completed his course of study at the Gem City Business college in Quincy, and has since accepted a position with the C. B. & Q. Railroad at Chicago.

It Hailed--Five Hours Earlier

Five hours after a terrific hailstorm struck the Neelys neighborhood, Thomas Dickens (left) and Floyd Toile were able to scoop up double handfuls of hail the size of large marbles. They and other citizens of Neelys said the stones were as large as baseballs when they first crashed to earth. The above photograph was taken by flashlight Monday evening while the earth was still covered by hail.

Fined \$150, Costs After Auto Wreck, License Revoked

A fine of \$150 and costs was assessed against Arthur Witt in county court Tuesday morning, following his plea of guilty several days ago to the charge of driving while intoxicated. Judge Fenstermaker admitted the defendant to probation and revoked his driver's license for one year.

William Dodds pleaded guilty Tuesday to a charge of petty larceny, and was admitted to probation for one year.

**Emma Lou Jenkins
Bride Of Ogle J. Love****Vows Exchanged
In Church Rites
At Rosiclare**

Miss Emma Lou Jenkins became the bride of Ogle J. Love, son of Mr. and Mrs. Ogle E. Love, 212 Park street, in an afternoon ceremony at the First Christian church at Rosiclare Saturday afternoon. The service was performed by Rev. E. P. Estes.

The bride's parents, Mr. and Mrs. Thomas Jefferson Jenkins, gave a reception at the church following the wedding and a buffet supper at their home during the evening.

Given in marriage by her father, the bride was attired in a gown of white eyelet embroidery, fashioned with a deep neckline. Her veil was floor length and was held in place by a halo-like tiara. She carried a shower bouquet of white gladioli and stephanotis, tied with white satin.

**CLERKS, GUARDS FACE
ISOLATION WHILE TOJO
VERDICT PREPARED**

Tokyo, June 15.—(AP)—Preparation of the war crimes verdict for Hideki Tojo will mean perhaps six weeks total isolation for more than 100 clerical personnel and guards.

How complete the isolation will be was pointed out today. Workmen began installing barred wire barricades and floodlights around two large houses.

The 85 typists and translators, plus cooks, servants and military police, will enter the area when they start work and will not be released until after the verdict is read.

ribbon. Her only jewelry was an old-fashioned necklace, a family heirloom.

Sisters Serve as Attendants

Preceding the service, Miss Mildred Ferrell of Rosiclare played "Be-cause," "O Promise Me" and "I Love You Truly." The bride's sisters, Mrs. V. S. Gunther and Mrs. W. W. War-mach, served as attendants. They were dressed in pale blue eyelet embroidery dresses and carried a colonial nosegay of delphiniums and yellow roses, with yellow satin streamers. Both wore headresses of blue and yellow roses.

Dean V. Seymour of Franklin served as best man. Ushers were V. S. Gunther of Bedford, Ind., M. M. Warmach of Rosiclare, and Daniel Walters of St. Louis, Mo.

The bride's mother chose for her daughter's wedding a gray print sheer, with black accessories. The groom's mother was garbed in an aqua crepe, with white accessories. Both wore corsages of white carnations. Mrs. Love's going away suit was gray wool crepe with a hand-painted blouse and white Panama hat and white matching purse. Her corsage was a miniature bridal bouquet.

Will Live In St. Louis

After a wedding trip to the Ozarks, Mr. and Mrs. Love will be at home at 808 Illinois avenue in East St. Louis, Illinois.

Mrs. Love was graduated from Rosiclare Community High school with the class of 1944, and from MacMurray college in 1947. She has been teaching in the grade school at Rosiclare for the past year.

Mr. Love was graduated from Clayton Community High school at Clayton, with the class of 1942. He attended Washburn college at Crawford, Indiana, and was graduated from Illinois college. He served four years in the U. S. Navy. He is now employed at the S. S. Kresge store in East St. Louis as a management trainee.

Guests from out of town attending Miss Mildred Moss of Detroit, Miss Jeanette Chapman, Lt. Don Reynolds of Vienna, Mrs. Jean McCandless of Moline, Mrs. J. R. LaRue and son Dan of Salem, Ky., Mr. and Mrs. M. O. Mathews and daughter, Marcia, Mrs. Caltha Upchurch, Mr. and Mrs. Ogle E. Love of Jacksonville, Mr. and Mrs. V. S. Gunther and daughter, Susanne, of Bedford, Ind., Mr. and Mrs. Harold L. Carrier of Grand Rapids, Michigan, Miss Avis Seymour of Virden, Mr. and Mrs. Melvin Upchurch of Rushville, Mrs. O. R. Adair of Clayton, Dean Seymour of Franklin and Daniel Walters of St. Louis.

**Final Rites Held
Here Tuesday
For Fred A. Carter**

Services in memory of Fred Armstrong Carter took place Tuesday at 3:30 p. m. at the Cody and Son Memorial Home. The officiating minister was the Rev. W. Brook Martin. Mrs. Francis Angel served as organist.

The numerous floral offerings were cared for by Mrs. Harry Armstrong, Mrs. Laura Sturdy, Mrs. Thomas Coultas, Mrs. John S. Killam, Mrs. Roscoe Mawson, Mrs. Herbert Mawson and Miss Mae Hunt.

The pallbearers were Harry Armstrong, Ben Cully, Howard Cully, Ralph Crocker, John Killam, Jr., Louis Boddy, Byron Stewart and Wilbur Williams.

Interment was in Diamond Grove cemetery.

Butternut BREAD'S GOOD IDEAS

KITCHEN TRICK

YOU'LL LIKE baked bananas—slice them in halves lengthwise, sprinkle with lemon juice or sugar and cinnamon; dot with melted butter and bake in moderate oven about 20 minutes.

HOUSEHOLD HINT

SHARPEN dull scissors by cutting sandpaper into strips... or by trying to cut the neck from a bottle. It works!

RECIPE

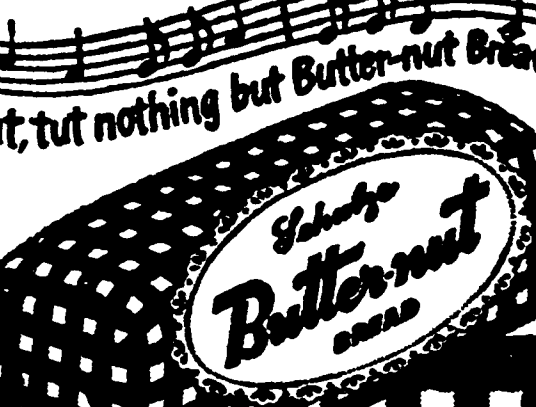

POTATO DRESSING FOR ROAST BEEF OR VEAL
6 potatoes 2 Tbsp. shortening
3 slices oven-dried bread 1 chopped onion
1 stalk celery 1 Tbsp. minced parsley
2 tsp. salt 1 tsp. pepper 1 egg

Boil potatoes in their skins, peel and mash. Crumble oven-dried bread; brown bread crumbs and onion in shortening, add celery and parsley. Cook slowly 10 mins. Stir beaten egg into mashed potatoes, add balance of ingredients, season. Place in greased pan, bake in oven with roast 20 mins. Baste with pan drippings, stirring as you baste.

PLATTER PARTY

NO, NOT RECORDS—just a platter heaped with slices of good Butternut Bread. Sweet music to hungry families... plays sweet and low with your budget, too.

Tom Cornish Announces Showing Of 1949 Ford

The 1949 Ford, which reveals a better fuel distribution. It is attached to the engine so that it is Ford styling and engineering, was made public today by Tom Cornish of Tom Cornish, Inc., 235 N. Main.

"New standards of beauty, comfort, economy and performance in the 1949 Ford passenger cars advances them far ahead of others in the low priced field," Mr. Cornish said. "Styling of the new Ford definitely establishes it as 'The Car of the Year.'"

To develop and produce the 1949 passenger cars alone, the Ford Motor Company has expended more than \$37,400,000.00 in tools, dies, jigs and fixtures.

STYLING—The modern design has been molded along functional lines, resulting in a long, low sweeping silhouette. The grille is distinctive, the hood massive but shorter and the body so wide the rear fenders have been eliminated. There are clean, unbroken lines from front to rear.

COMFORT—Comfort has been one of the primary objectives in the new Ford. There is more room in the "Lounge Car" interiors than in many cars with much larger over-all dimensions. Front seat widths have been increased six inches and the rear seat nearly eight inches. The body has been moved five inches forward with the seats cradled between the axles for a much smoother ride.

A new type of suspension system, "Hydra-Coil" Springs—replaces the traditional transverse springs and the front axle. This system is centered around airplane type shock absorbers mounted within low frequency coil springs. In the rear, extra long longitudinal springs are complemented by airplane type shock absorbers.

There's more leg room in the new cars because the size of the drive shaft tunnel has been decreased by adoption of the Hotchkiss drive and the hypoid rear axle. These engineering changes also minimized the transmission of road noises into the car.

Engine vibration has been reduced by literally floating the power plant on rubber mounts.

A new heating system available in the new Fords brings year around comfort to driver and passengers in the new Fords. Fresh air is scooped into the car through large intakes just behind the grille.

The system can be used as a fresh air ventilator, a fresh air heater or as a recirculating heater by selecting the position of an easily operated control knob. An automatic temperature control also is available. Fresh air, plus the pressure effect obtained by the car's forward motion reduces fogging and drafts.

ECONOMY—Asked about the economy of the new Ford, Mr. Cornish advised: "Economy of operation has been increased up to 10 per cent for the new six-cylinder engine and the extensively redesigned V-8."

Both the V-8 and Six engines are offered as power plants in all Ford models. Other engineering features result in better performance and longer engine life.

Increasing miles per gallon has been effected mainly through a new intake manifold and the introduction of the "Equa-Flow" Cooling System.

The new intake manifold achieves

Sinclair Club Elects Officers For Coming Year

Officers were elected at the June meeting of the Sinclair Woman's Country club held at the home of Mrs. Mabel Martin.

The new officers are: president, Mrs. Pearl McClure; vice president, Mrs. Lillian Strawn; secretary, Mrs. Irene Martin; assistant secretary, Mrs. Ada Dobb; treasurer, Mrs. Nellie Fox.

During the business session, conducted by Mrs. Emma Robinson, it was announced that the club picnic would be held July 25 at New Salem state park. Mrs. Pearl McClure gave a report of the recent county picnic.

The program included a discussion of the United Nations by Mrs. Lillian Strawn and a musical selection by Miss Marilyn Martin.

The next meeting of the club will be held June 23 at the home of Mrs. Doris Robinson. Mrs. Charles Bealman will serve as program chairman.

Guests present were Mrs. Dale Keitner, Mrs. Irma Barnes, Mrs. E. A. Sibert, Miss Rosalee Sibert, Mrs. Elsie Tuttle and Miss Marilyn Martin.

Arlene Blakeman Becomes Bride

Ashland—Miss Arlene Blakeman, daughter of Mr. and Mrs. Robert Blakeman of this city, and Carroll Satorious, son of Mr. and Mrs. Wm. Satorious, of near this city, were united in marriage on Saturday at 9 p. m. at the manse of the Central Presbyterian church in Petersburg, with Rev. Frank McLaughlin, pastor, performing the double ring ceremony.

The attendants were Mr. and Mrs. Melbourne Bel.

The question of how arteries and veins in the human body were connected remained unanswered until 1861 when an Italian anatomist discovered tiny connecting vessels with the newly invented microscope.

"Race" Provides Added Thrills To Summer Reading

Featuring a "horserace," a special summer reading program for children in the grade schools and junior high school is under way in the children's reading room at the public library. Miss Esther Conner, children's librarian, is in charge of the contest which is open to anyone who likes to read.

Each may choose a small brown, white, or black paper horse, name him, and place the animal in starting position on a miniature race track, which has been constructed by Miss Marguerite Schoedsack, assisted by Dolores Reynolds. About 56 horses, all bearing famous names, are already entered in the race.

In order to receive the diploma given as recognition when each horse crosses the goal line the entrants must read 12 books, two of which must be non-fiction.

After a horse has been around the track once, it may be reentered to run a second time. "Smoky," horse owned by Gary Dvorak, a 3rd grader at Franklin school, has already started his second trip around the track. In second place is Donna Ryan's "Man O'War." Donna, who has completed the eighth grade at Our Saviour's school and will enter Routt as a freshman next year, has read 12 books. Eleven books have been read by Frederick Barry, a Washington school third-grader, giving third place to his horse, "Red Blaze."

Also on display in the juvenile department are samples of hand-writing from each of the grade schools, the junior-high, and high school, which were sent to the national Palmer method good-writers' contest.

RETURNS TO CALIFORNIA

To Open Cafeteria At Franklin Grade School; Repair Other Buildings

An extensive program of repairs and remodeling is progressing in the Jacksonville public schools. Besides the usual rejuvenating processes of painting, waxing, and cleaning, plastering and brickwork is being repaired, and such major items as new boilers, acoustic ceilings, plumbing and electrical fixtures are being added.

In the David Prince school the entire first floor is being remodeled.

Of interest to those who attend the many activities held in the J.H.S. auditorium is the new iron stair railing forming an island up the center of the front and side entrance steps. Playgrounds and playground equipment are being emphasized at the ward schools. Franklin school will have a new cafeteria downstairs to accommodate children who wish to eat at school.

Repairs At High School

At Jacksonville high school new acoustic ceilings are planned in the east and west wings of the main floor. The front hall was supplied with this type of ceiling this past winter. A men's faculty room is being added, and all rooms on the first and third floors are being painted.

New boilers are being installed, as well as new ventilating and electrical systems. The cafeteria will receive a 300 gallon hot water heater. Darkening shades for use with visual training devices are being added in many rooms and all window shades are being repaired.

At the junior high school remodel-

Franklin Receives Sectional Award At F. F. A. Meeting

Awards for chapter activities of the Future Farmers of America were presented at the 20th Annual Convention, Illinois Association Future Farmers of America, being held at the University of Illinois, Urbana, on June 14, 15, and 16. Among the twenty sectional winners is Franklin Community high school, from section 15, composed of Macoupin, Morgan, Scott, Green, Jersey, Calhoun Pike and part of Cass counties.

Boys representing the 439 high schools teaching vocational agriculture are in attendance at the convention, where winners of bronze plaques in each of the twenty sections were announced.

The Chenoa Community high school chapter of Future Farmers was pronounced the statewide winner in chapter activities for overall excellence and was awarded permanent possession of the Illinois Bankers Association Bronze Plaque by Harry C. Hausman, secretary, at Urbana on Tuesday afternoon. This award is for highest State honors and a similar plaque will be awarded each year by the Illinois Bankers Association to the chapter adjudged best in the state by the State F.F.A.

Ten Wolverines Get Invitations For All-Star Tilt

Chicago, June 15—(P)—Frank Leahy of Notre Dame, head coach of the college all-star squad, will have nearly the entire 1947 Michigan team at his command for the annual football classic in Soldier Field Aug. 20.

A mass invitation to 10 Michigan players—first such move in the 14 year history of the all-star game—was announced Monday by the Chicago Tribune, sponsor of the event. The Wolverine squad includes the complete offensive backfield of Michigan's unbeaten Rose Bowl champions—quarterback Howard Yerges, halfbacks Bob Chappuis and Chalmers "Bump" Elliott and fullback Jack Weisenburger.

Invitations were also extended to ends Bob Mann and Len Ford, tackle and captain Bruce Hilkene, guard Bill Pitts and centers John White and Jim Brieske.

Leahy, whose undefeated 1947 Irish and Michigan never met on the Gridiron last fall, will be in the intriguing position of coaching stars of the team which challenged his own Notre Dame eleven for national supremacy. He plans to use the Wolverine gang in a single wing unit of attack with a spinning fullback—the same magic ball-handling offense which carved out the big nine championship and crushed southern California 49-0 in Pasadena.

The Michigan players are the first to be revealed for the collegiate squad which will collide with the Chicago Cardinals, champions of the National Football League, in the 15th annual all-star contest.

Other players to be selected will give Leahy another powerful unit using the T formation which the coach made famous at Notre Dame.

Robinson Meets Young Challenger Thursday Night

Chicago, June 15—(P)—Lean and taut Bernard Docusen of New Orleans will try to put youth back in the boxing championship picture Thursday night when he meets Champion Sugar Ray Robinson for the welterweight title at Comiskey park.

The 21-year-old Docusen, who popped out of nowhere into welter contention, is really a little babe-in-the-woods in this fast-paced, if not aged fighters.

Joe Louis, Tony Zale, Jersey Joe Walcott and Gus Lesnevich are marching down the glory road and they'll never see 30 again. Robinson himself, at 27 is six years older than Docusen.

Docusen (pronounced "Dookusen") isn't apologizing for his tender years. He's been boxing since he was 15, when he won the national AAU bantam title and he's the father of two children.

Docusen's record of 48 wins in 50 professional fights is packed with triumphs over a lot of guys named Joe. But he's never been knocked down and that takes a lot of fancy stepping which he has done mainly in California and New Orleans.

Docusen, who claims Filipino-Spanish-French parentage, rests his biggest bid to fame on a decision over Gene Burton last February two months after that veteran had beaten him. Docusen's only other defeat, in 1944, was by Eddie Lee of Houston, Tex., in the fourth fight of his professional career in 1944. In a rematch the same year, Bernie flattened Lee in the third round.

New York Stock Market

New York, June 15—(P)—Fresh buying of oil stocks spread to other groups in today's market after an early sinking spell.

Advances ranged from fractions to around 3 points with many issues at peak prices for the year or longer. Not all of the morning losses were erased but the general tendency was upward.

The rally was managed without any pick-up in activity. Volume for the full day was at the rate of about 1,400,000 shares.

At 1948 highs were Standard Oil (N.D.), Ohio Oil, Emerson Radio and Gulf Mobile & Oil.

Others ahead included U. S. Steel, Chrysler, American Telephone and Illinois Central.

Among the laggards were U. S. Rubber, Montgomery Ward, Owens-Illinois and J. I. Case.

Mt. Sterling Softball Team Here Tonight

Old Man Weather will have to co-operate fully today if one of Jacksonville's favorite softball attractions goes on as scheduled tonight at Nichols Park.

Julius Wegs, Mt. Sterling club, a perennial favorite here, is scheduled to play the Jacksonville Farm Implement Dealers in the feature game of a doubleheader at the southside arena. But, the grounds have been thoroughly saturated by recent rains and it will take considerable sunshine to put the diamond in playing condition.

The game between Mt. Sterling and the Dealers has shaped up as one of the best attractions of the season. The Dealers dropped a 3-2 contest at Mt. Sterling just a week ago last Sunday and are out for revenge in the game here.

Clinton Arenz's Implement team is fast becoming one of the city's most entertaining outfits. The youthful assemblage has shown up well in the field all season and boasts one of the best pitching staffs in the town, but hitting has posed a big problem. Now the Dealers seem to have found their betting eye. At Beardstown Sunday they collected 10 hits in beating the American Legion, city champions, 7-2.

Well-Known Club
Mt. Sterling is well-known here, having been sectional champion and state tournament contender last season. Wegs has the reputation of being one of the best hurlers in this section of the state, and he has an older capable moundman in Busom.

The Brown county team has always drawn capacity crowds to Nichols Park. Tonight is expected to be no exception if clearing skies give the two teams a chance to go at it. Tonight's game will provide the first top-flight attraction in two evenings. Tomorrow night the Chicago Hot-Ten-Tots, national colored champions, meet the American Legion, defending city titlists, in the second tilt of a stellar doubleheader.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, June 15—(P)—Heifers, fed and spring lambs reached new high prices today in strong cattle and sheep markets. Hogs were steady to strong.

Cattle and choice fed steers and heifers were up fully 50 cents. High choice 1,319 and 1,372 pound steers topped at \$38, which was 50 cents higher than yesterday's best price. High choice heifers reached \$36.75, a new high for the crop but below the \$38 peak hit last January. Cows and bulls were strong to 25 cents higher.

Slaughter lambs were steady to 50 cents up. Good and choice native spring lambs sold at \$32 to \$32.50, the latter breaking the old mark of \$32. A load of good to choice 97 pound old crop fed shorn lambs brought \$30, compared with the former record of \$28.75.

Some hog sales were 25 cents higher on 250 to 280 pounds. The bulk of good and choice 170 to 250 pounders brought \$24.50 to \$25.25. The top of \$25.50 was equal to yesterday's best price.

Salable receipts included 12,000 hogs, augmented by 5,000 shipped direct to packers; 6,000 cattle, 700 calves and 700 sheep.

WHEAT RALLIES ON SHORT COVERING; FEED GRAINS ALSO ADVANCE

Chicago, June 15—(P)—Wheat rallied late in the board of trade session today on short covering, induced by an advance of more than a cent at Kansas City.

Feed grains advanced with wheat from the day's low. A factor in the upswing in corn was higher cash premiums. Earlier in the trading profit cashing in corn had given the grain a heavy tone and on the advance some difficulty in absorbing offerings was noted. Oats were inclined to drag.

Receipts were: wheat 21 cars, corn 40, oats 22 and soybeans 5.

At the finish wheat was 1/2 to 1 1/4 higher than yesterday's close, July \$2.28 1/2. Corn was 1/2 to 1 1/4 lower, July \$2.17 1/2. Oats were 1/2 to 1 1/4 lower, July \$1.31 1/2. Soybeans were 1/2 to 1/4 lower, July \$4.07.

East St. Louis Livestock

National Stockyards, Ill., June 15—(P)—USDA—Hogs, 11,000; active, fully covered; 10 spots 25 cents higher. Louis, Walcott Each Take Four Round Workouts

Pompton Lakes, N.J., June 15—(P)—For a man who says he "expects to win quick" heavyweight champion Louis still is shockingly easy to hit with a straight hand.

This chink in the Brown Bomber's armor was quite evident today as he went four rounds with assorted sparring partners in preparation for his title at Yankee stadium a week from tomorrow night.

Dick Hagan, an ex-golden glove heavyweight champ from Chicago, scored consistently with a right shot to the head before Tiger Roy Taylor, a 180-pounder from New York, put on a cagy imitation of Walcott. Promoter Mike Jacobs was an interested spectator.

Louis boxed one round each with Hagan, Taylor, Shamus O'Brien and McKinley English after undergoing a preliminary physical examination by Dr. Vincent Nardiello, the New York commission physician. He was pronounced "much improved" over his condition before the first Walcott fight last December. Dr. Nardiello found his reflexes within normal limits, his pulse was 66 before exercise and 90 after exercise. Likewise his blood pressure changed from 132/90 before to 138/92 after.

In an interview before the workout, Louis again blamed his poor December fight on drying out to take off weight. He assured some 40 reporters that he would not repeat the error. Before the drill he said he weighed 215, a weight he hopes to hold until ring time.

Grenloch, N.J., June 15—(P)—Jersey Joe Walcott boxed four brisk rounds today, concentrating on throwing punches to the head, as he sharpened up for his world championship fight June 23 against Joe Louis in Yankee stadium.

Walcott had his first partner, Ustin Johnson of Atlantic City, N.J., credited from looping rights and lefts. Against Curtis Sheppard of Baltimore, Walcott finished the round hard, taking body punches in order to hammer Sheppard's head. He followed the same program with Johnny Robinson of Pennsboro, N.J. In the fourth and last round of sparring, with Johnson again the partner, Walcott allowed himself to be pushed against the ropes repeatedly, apparently working on the strategy he will use against Louis. Each time Walcott came off the ropes throwing hard punches.

Throughout Walcott showed the same fancy dance step and continuous bobbing and weaving that so baffled Louis when they met last December.

Walcott now weighs 194 pounds and aims at entering the ring at from 193 to 195.

First Votes For All-Star Team Begin Arriving

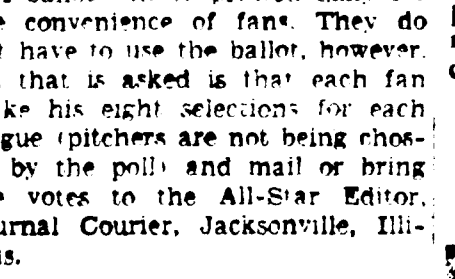

The first trickle of All-Star baseball ballots is expected at the Journal Courier today as fans begin selection of American and National League teams which will tangle at Sportsman's Park in St. Louis Tuesday, July 13. The number of voters will probably increase daily until the poll closes on July 5.

The Journal Courier All-Star Editor last night voiced a request to fans to "vote early" in order to facilitate counting of the many ballots.

First returns will be published in tomorrow's papers. Both national and local results will appear in the two Jacksonville newspapers each day.

A ballot will be printed daily for the convenience of fans. They do not have to use the ballot, however. All that is asked is that each fan make his eight selections for each league (pitchers are not being chosen by the polls and must be brought by the votes to the All-Star Editor, Journal Courier, Jacksonville, Ill., nois.

Dodgers Defeat Reds In Ninth Inning

Brooklyn, June 15—(P)—Four Cincinnati errors and two passed balls helped the Brooklyn Dodgers defeat the Reds, 5-4, today.

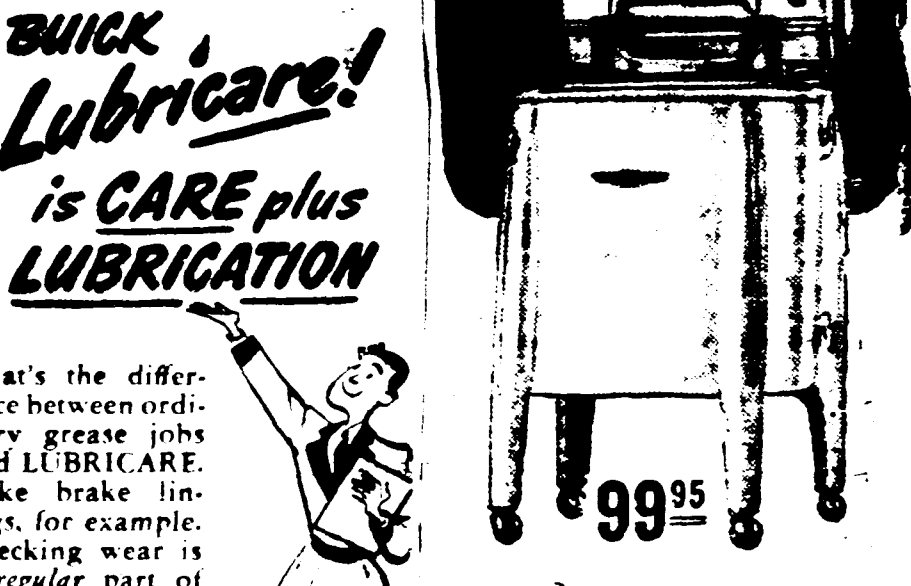

Pinch-hitter Preston Ward drove in the winning run in the ninth inning when he flew out with one down and the bases loaded.

Fee Wee Reese singled to open the Dodgers ninth and raced to third when pitcher Harry Gumbert threw Gil Hodges' bunt into center field. Billy Cox was intentionally passed loading the bases. Dick Whitman battled for Ed Miksis and forced Reese at the plate but Ward then lifted to centerfielder Johnny Wyrostek and Hodges beat the throw to the plate for the winning run.

WHY PAY MORE?

BUICK Lubricare!
is CARE plus LUBRICATION
That's the difference between ordinary grease jobs and LUBRICARE. Take brake linings, for example. Checking wear is a regular part of LUBRICARE—to spot thin bands before they can score drums on high mileage cars. It's only one of the many thoughtful ways that LUBRICARE stands out over ordinary lubrication. Ask us for details about this factory-planned program of matched-to-mileage maintenance only Buick can give you.

You have only to do a little price shopping to discover that the Speed Queen gives you the most for your washing machine dollar—just as it has for 20 years. It's a DOUBLE-WALL washer of the single-wall price. Come in and let us show you.

She looked up and caught Doris' glance as she entered upon her face. "That's my ring," Jessica said in a low, troubled voice. "You guessed?"
"I never saw the ring."
"Then why did you think—?"
"I didn't think about the ring. I read the story and thought—"
Their glances locked. Jessica felt the blood drain from her face. A cold chill touched her spine. "What did you think?"
"I remembered that you thought Hugh Linton wanted the ring. There were men at that hotel last night who rushed off and left the girls they took there. I wondered—"
She broke off and her glance shifted away from Jessica's shocked face.
Jessica said softly, "Not Lucy? You couldn't believe—"
"She was crazy about him," said Doris stubbornly.
"How dare you insinuate that this little tramp—"
"She isn't a tramp, necessarily," said Doris bluntly. "She might be any girl who lost her head over a man and let him persuade her to do something contrary to her principles."
"But Lucy—"
"Everyone at the plant knew," Doris went on. "But no one will say one word because no one will risk what might follow—loss of job, the accusation of libel. You don't stick your neck out tarnishing a reputation like Hugh Linton's. He doesn't deny that he was present at that fire. Bill told me he saw him. Bill used to work in the same plant when Linton was foreman. He's risen too fast. It went to his head. He took on all the angles—drink and women—they were all a part of the life he led after he came into a big salary. He's smart, invaluable to his firm, and they'll protect him. Now he's a hero. He went right into the fire last night and helped to rescue several people. His hands were burned and clothes were singed; and that's his story!"
"Lucy," Jessica spoke the name in almost a whisper. "You can't mean Lucy."
"Lucy's human."
"Did Genevieve know?"
"Probably. She has superstitious instincts and probably guessed what she didn't know and tipped off Lucy's mother."
"Then you think—"
"Bill heard some men talking. The old lady was crazy. She rushed right into the fire last night screaming her daughter's name. Why else, unless she was in there? What would compel her to associate Lucy with a dump like that? Tell me that!"
She couldn't. She was heart-sick. "I can prove the identity of the ring," said Jessica.
"Do you want to?" asked Doris. "Did you?" The implication of what Doris thought shocked her. Should she go back and tell Tom her suspicions? Would he accept them? Dared she risk accusing Lucy of something so foreign to her nature that Tom would never forgive her for the accusation?
SHE tried to explain this to Doris as they sat in the gathering dusk in the little living room. She forgot entirely that David would call her that evening. This new and terrible suspicion about Lucy blotted out everything else from her mind as she bundled Betsy into her coat. She must go home, but she could not suppress a wave of dread as she started toward the bleak gray house across the street. In a few moments she must come to a decision, disclose what she feared and meet Tom's angry refusal to accept what Doris suspected or have upon her conscience the fact that she had allowed Lucy—if Lucy should be this unidentified girl—to lie alone and wretched in a city hospital.

Tom himself flung open the door. There was a new expression on his face. He drew her inside and lifted Betsy in his arms and held her close. He said soberly, "I've news for you, Jess."
"About Lucy?" She could not move a step as she stood trying to read the expression on his face.
He nodded. He sat down and clumsily tried to remove Betsy's leggings while Betsy nestled her curly head against his blouse and sighed. He said, "There's been a change. Not much, but Mom spoke Lucy's name—just a few mumbled words. Then Genevieve came—"
"What did she say?"
Genevieve herself appeared from the kitchen. She said, "I told Tom that I thought Lucy had gone away to work."
"Come away?" Jessica repeated stupidly.
"She talked a lot about Detroit," said Genevieve. "I think she's left Akron. I think I know the reason." She shot a significant glance at Jessica over Tom's bent head, as though they were linked in some mad conspiracy of silence, as though they would connive to fool Tom into believing that his sister had left town to find work elsewhere. Had she? Was it her own imagination which made her feel that Genevieve planned to conceal something from Tom?
After Tom left the room, Jessica turned to Genevieve. "You don't believe that, do you—about Lucy going away to find work?"
Genevieve shrugged. "It was up to someone to stop Tom's worrying. He's been like a crazy person, calling over the telephone, rushing to the door. Maybe this is the explanation of Lucy's absence. What else?"
What else? thought Jessica gloomily. Can I go to Tom and hint that the girl who lies unidentified in the city hospital is his sister? Can I add still another burden to what Tom must carry? No, she couldn't do that. She must wait and see Tom watching for a letter that did not come and, in the meantime, convince herself that the girl at the hospital was not Lucy, but a stranger.

Jersey Co. Land Gets Trainload Of Rock Phosphate

Jerserville, Ill. June 15.—A 2,200-ton trainload of a soil-building rock phosphate is being distributed today among more than 500 farmers.

The shipment, valued at more than \$45,000 is enough to satisfy the needs of 4,000 acres of Jersey County land.

Soil analysis tests showed that 70 per cent of the land in the county was low in phosphorus.

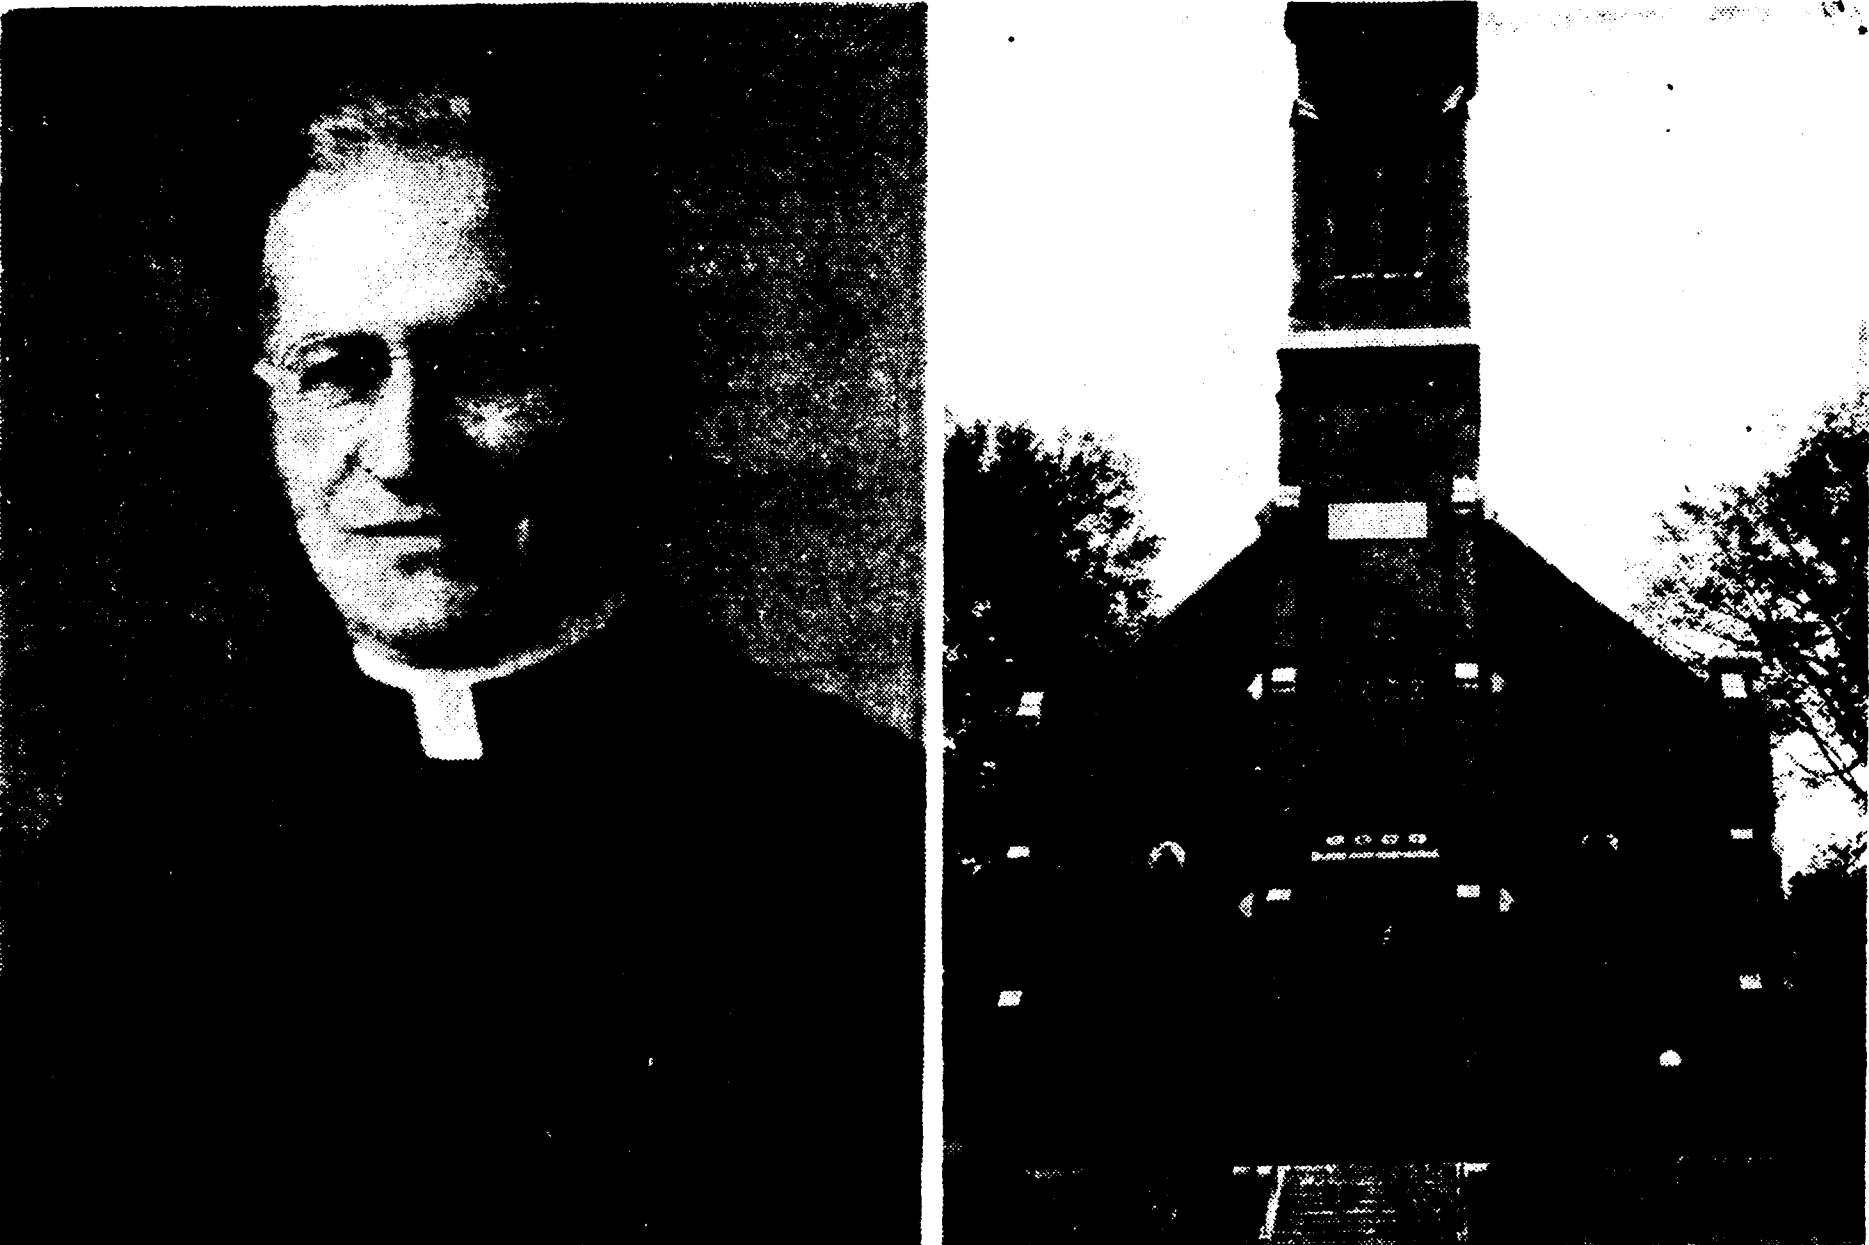

Sullivan Opponent Of Peacetime Draft

Henry D. Sullivan of Quincy Illinois, Democratic nominee for Congress from the 20th Illinois Congressional District said today "that having been asked by so many people to state my views on Universal Military Training and while I am politically opposed to stating a positive answer to a legislative question before one is elected to vote on that legislation, the importance of this forthcoming debate in Congress cannot be lightly set aside; nor its importance over exaggerated."

If an Opponent of Foreign Gift Loans and the Peacetime Draft Law, you are of the same opinion as I am, a Conservative Democratic Republican your vote next November and you alone can send me to Washington as your Congressman.

1898 Golden Jubilee 1948

The Very Rev. Father F. F. Formaz, pictured above with the Church of Our Saviour where he has been pastor for many years, will quietly celebrate the fiftieth anniversary of his ordination to the priesthood tomorrow.

Father Formaz, Ordained A Priest 50 Years, Will Celebrate Golden Jubilee Tomorrow

Ed note: Much of the material in the following article is taken from a tribute to Father Formaz written at the time of his Silver Jubilee by Joe Priest, first editor of the Routt "Wag."

In August, 1901, a young man came to the Church of Our Saviour to take his first step in the priesthood. He was called to the altar by Father Formaz, who was then a young priest himself. The young man was Francis Formaz, who today is a well-known pastor in Jacksonville, Ill.

Francis Formaz was born in St. Louis, Mo. He was the son of a family of immigrants from Poland. He was educated in the St. Louis schools and at St. Louis University. He was ordained a priest in 1901.

After his return from Florida, he entered Quincy College where he was a scholastic leader. While at Quincy he organized and edited a mimeographed college paper called "The Wag," a name which he later used for the Routt high school quarterly magazine.

He went about these duties in his quiet but effective way, and so busy was he that he rarely mixed with his parishioners. In fact, up to the death of Dean Crowe in 1915, he had an acquaintance with scarcely a dozen adults, yet today he probably has as many friends as any man in this community. Such was the life of the Rev. Father Francis F. Formaz as an adult.

His Part in Building Routt

F.F.F. was in the parish not quite a year when his pastor voiced his desire for a Catholic high school. After much doubt and hesitation, Father Formaz, with a great deal of encouragement and cooperation on the part of Father Crowe, the school was opened. For 15 years, acting in every capacity, from principal to janitor, Father Formaz, trained in behalf of the school. When it opened the high school was housed in the Routt club, which later became the Routt boarding school. Less than a score of boys and girls attended the first classes, which were held in rooms equipped with a table, a few chairs for the girls, and soap boxes for the boys.

"But," as one of the early students put it, "such a school: we had a real teacher who worked for the love of it, and pupils who really wanted an education and who felt it an honor to be there. Such a combination. Small wonder the establishment grew!"

Pastor Since 1915

At the time of Father Crowe's death in 1915, Father Formaz took his place in the parish and in the school. What could be more fitting than that the man who had accomplished so much for the advancement of the parish and the success of the school should ultimately be placed at the head of both.

Both the church and the school flourished under his guidance. Many, as young men and women received their early training in his parochial grade school, high school and college, have attained outstanding success in various fields. The high standard of scholarship, always maintained by Dean Formaz, has been supplemented by a well-rounded sports program.

Born in Switzerland

Francis F. Formaz was the son of Francis E. Formaz, who with his wife, the former Marie Michellod, came to the United States from Switzerland in 1845 and resided in St. Louis, Mo. There four daughters were born; three of them died in childhood, the fourth, who became a nun, died at an early age in the service of God. About the year 1870, Mr. Formaz returned to his early home in the French part of Switzerland in the hopes of regaining his failing health. While the Formaz family was there, their only son, Francis Frederick, was born in 1872. Two years later the family returned to their home in St. Louis.

At the age of five, with a better command of French than of English, the little Francis began his schooling. When he was seven years old, both parents died, so he went to live with his uncle and guardian, Francis Tissier. At 13 years of age, he finished the grammar school and entered St. Louis University Academy.

Our Saviour in Jacksonville, Ill., a church interior. The old ornate place relatively unknown to him, was removed in favor of the simpler mensa type.

Dean Emeritus

Father Formaz is known to many years that he served as head of the Jacksonville diocese, a subdivision of the diocese. His excellent work in this capacity is attested to by the various pastors in towns included in the territory of several counties. A year ago he relinquished these duties and was given the title of Dean Emeritus.

Matthew K. McKavitt, a Routt alumnus who is now librarian of the Department of Justice in Washington, D.C., in a tribute to the dean on the occasion of this anniversary, reminds us that "many years ago the learned teacher refused the important post of Newman Club director at the University of Illinois, preferring to stay in Jacksonville and complete the projects he had in mind."

Duties Yet Are Many

His duties yet are many; he is pastor of the only Catholic church in a city of almost 23,000, head of the high school and Our Saviour's grade school. He is still an apt student and an able teacher; he can converse in Latin, French, Spanish, German and Italian; he is an accomplished violinist, pianist, and composer; he can draw amazing cartoons; is a splendid speaker, good impersonator and interesting conversationalist.

Mr. McKavitt recalls an inscription from the stone tablet placed near the entrance of Routt high school—an inscription by which all can remember Father Formaz and his contributions to the culture of Jacksonville. It is "St. Ignace monument, circumspice!" which means, "If you seek a monument, look around you!"

Plan Visits To Four Morgan County Farms

Two tours of Morgan county farms which have benefited by the application of approved soil conservation practices will be made Monday and Tuesday afternoon, June 21 and 22. The farmers and landowners of this area are invited to attend the demonstrations sponsored by the Morgan County Soil Conservation district and the Farm Bureau.

Farm Adviser E. H. Garlich and Soil Technician Ted Pierce will be in charge. Extension workers from the College of Agriculture may attend the two meetings.

Ladino Pasture

Everyone interested is invited to meet at the A. O. Harris farm, three miles north and one mile west of Orleans at 1:30 p.m., standard time, Monday. There they will see a good improved broome grass, alfalfa and ladino pasture and hear the story of the added gains to livestock through the improved pasture.

At 2:30 p.m. they will meet at the Hayden Walker farm, located one mile north and one mile east of Arnold. The farm has contoured fields of corn and soybeans, terraces and grass waterways.

Conservation Farming

At 1:30 p.m. Tuesday the group will meet on the farm of Clarence Nickel, two miles north of Concord. Plantings of corn and beans on the contour will be inspected and discussed.

At 2:30 p.m. Tuesday the many soil conservation practices installed on the Warren Brockhouse farm located one and one-half miles west of Concord. Grass waterways, alfalfa and broome grass pastures, contouring of crops, rotations, terraces and a novel way of farming sharp slopes on the contour will be investigated.

Schone-Sullivan Rites Held At Chapin Church

Evening Ceremony Unites Couple Sunday, June 13

Area palms, white roses and lighted tapers provided the background for the marriage of Miss Anna Marie Schone, daughter of Mr. and Mrs. Henry Schone of Chapin, and James J. Sullivan, Jr., son of Mr. and Mrs. J. J. Sullivan of Jacksonville.

The ceremony took place Sunday evening in St. Paul's Lutheran church in Chapin. The Rev. Harry A. Timm performed the double-ring rites at 7:30 o'clock. Wedding music was presented by Miss Dorothy Barthelme and William Huffman.

Period Gown of White Satin

Given in marriage by her father, the bride wore a period gown of white magnolia satin fashioned with fitted bodice, yoke of net, trimmed with imported lace and satin bows and long sleeves. The same lace trimmed the full skirt and chapel train. Her fingertip veil fell from a crown of orange blossoms and her shower bouquet of white roses was centered with a white orchid. A double strand of pearls, her only jewelry, was a gift of the bridegroom.

Miss Mildred Schone, sister of the bride who served as maid of honor, was gowned in petal pink satin, styled with an off-shoulder neckline. The full skirt featured a draped peplum caught up into a bustle bow in back. Her shoulder-length veil was fastened with a halo of pale pink roses, and her flowers were pale pink roses with blue delphinium.

Maid in Ice-Blue

Identical crowns of the blue satin fashioned after that worn by the bride, the bridesmaids, Miss Jane Loveland, Miss Gloria Reid, and Miss Gloria Reid, were short veils fastened with pale pink and white roses, which were also used in their arm bouquets.

Soft blue marquisette fashioned the floor-length dress worn by the flower girl, Leona Osing, cousin of the bride. The ring bearer, John L. Sullivan, brother of the bridegroom, was attired in a blue suit. Leona carried a white basket filled with rose petals and John carried the rings on a white satin pillow.

Morton W. Cox of Springfield and Francis Little served as best man and groomsmen, respectively. Ushers were Henry Schone, Jr., brother of the bride, and Robert Scanlan of Jacksonville.

150 at Reception

Nearly 150 relatives and friends attended the reception held at the home of the bride's parents. Sweet heart roses and lighted candles decorated the serving table which was centered with a three-tiered wedding cake.

Mrs. Schone, the bride's mother, was gowned in a black and white dress. She wore matching accessories and a corsage of white roses. Blue print silk was worn by the bridegroom's mother and her service.

Mrs. Sullivan chose a two-piece lavender costume with white accessories for traveling on their wedding trip. The white orchid from her bridal bouquet completed her outfit. Upon their return the couple will make their home in Jacksonville.

A graduate of the class of 1947 of Jacksonville high school, the bride has been employed at the New Method Book Binery during the past year. Her husband attended Routt high school and is also employed at the book bindery.

Automatic Teller Machines In Use At Farmers Bank

Five Burroughs automatic teller machines went into operation Tuesday in the checking department of the Farmers State Bank & Trust Company, ushering in a new chapter in improved equipment and service.

The machines eliminate the use of passbooks. When a deposit is made the teller issues a printed registered receipt. Each receipt is numbered and its number corresponds with the number on the same entry on the bank's records.

Some of the advantages of the new machine receipt plan, as outlined by Arthur J. French, president of the bank, as he observed their initial operation Tuesday are:

Definite printed proof that the bank received the deposit.

A machine-printed receipt which cannot be altered.

An exact copy of the entry made simultaneously on the bank's records.

Elimination of the need for pre-printed deposit slips in duplication by those desiring a receipt.

Faster and more efficient window service.

Noel Rousey To Give Piano Recital Sunday

Noel Rousey will present a piano recital of music by Bach, Mozart, Schumann, Chopin, and Rachmaninoff at 4 p.m. at the MacMurray college music hall. He is a pupil of Hugh Beggs.

His program will include the following compositions: Prelude and Fugue, C minor, second book, Well-Tempered Clavier, J. S. Bach; Sonata C major, K. 330, Allegretto, Andante cantabile, Allegretto, Mozart.

Faschingsschwank aus Wien, Op. 26, Allegro, Romanze, Scherzino, Intermezzo, Finale, Schumann; Kujawiak (Polish Dance) Op. 47, No. 2, Karol Rathaus; Ballade G minor, Op. 23, Nocturne A flat major, Op. 28, No. 2, and Prelude D minor, Op. 28, No. 24, Chopin.

CARD OF THANKS

I wish to express my appreciation to the doctors, nurses, and sisters, and to my friends and neighbors for the lovely flowers, gifts and cards during my recent illness at Our Saviour's hospital.
